**Bio:**

For the past 7 years I have been a competitive cyclist in Saskatchewan. I have raced in both provincial and out-of-province races. In addition, I have competed in the 2011 and 2015 Western Canada Summer Games and the 2013 Canada Summer Games. My Games experience has instilled in me a drive to compete at the upcoming 2017 Canada Summer Games in Winnipeg, Manitoba. Prior to my High Performance career in cycling, I was a competitive Junior Elite Triathlete in Saskatchewan for 8 years where I raced provincially, nationally, and internationally. Since 2014 I have been a ride leader with one of Canada's largest women only road cycling groups, Spoke'n Hot out of Regina, Saskatchewan. I am a 4<sup>th</sup> year Environmental Systems Engineering student at the University of Regina where I have had opportunities to work alongside the Water Survey Division at Environment and Climate Change Canada. As well, I have played the bagpipes for 13 years with the Regina Police Service Pipes and Drums.
