

SOCIAL MEDIA POLICY

a) Introduction

For the purpose of this Social Media and Networking Policy, the policy will encompass public communications through such internet mediums and websites as Twitter, Facebook, MySpace, LinkedIn, Foursquare and any other social media network that allows users to communicate online. The policy will be applicable to all members of the Cycling Community, including Directors, Clubs, Saskatchewan Cycling members and staff, commissaires, athletes, athletes' family members and supporters. Saskatchewan Cycling recognizes and appreciates the value of social media and the importance of social networking to all of its stakeholders. Saskatchewan Cycling also respects the right of all clubs and Association personnel to express their views publicly. At the same time we must be aware of the dangers social media and networking can present. The purpose of this policy is to educate the cycling community on the risks of social media and to ensure all Clubs and Association personnel are aware that conduct deemed to be inappropriate may be subject to disciplinary action by the Club and/or Saskatchewan Cycling Association.

b) Social Media Guidelines

- i) Saskatchewan Cycling holds the entire Cycling Community who participates in social media and networking to the same standards as it does for all other forms of media including radio, television and print.
- ii) Comments or remarks of an inappropriate nature which are detrimental to a Club, the Association or an individual will not be tolerated and will be subject to disciplinary action.
- iii) It should be recognized that social media comments are on the record and instantly published and available to the public and media. Everyone including Association and/or club personnel, athletes, corporate partners and the media can review social media communications. You should conduct yourself in an appropriate and professional manner at all times.
- iv) Refrain from divulging confidential information of a personal or club related nature. Avoid revealing business or strategy that could provide another club or individual a competitive advantage. Furthermore, do not discuss injury information about any athlete. Only divulge information that is considered public.
- v) Use your best judgment at all times – pause before posting. Once your comments are posted they cannot be retracted. Ultimately, you are solely responsible for your comments and they are published for the public record.
- vi) If requested to participate in an online network, as a direct result of your affiliation with or participation in Saskatchewan Cycling then we recommend that you request approval from your Club or the Association.
